ABOUT US

APSTECH is one of the leading manufacturers of all types of Electrical Control Panels. Since our inception in 2008, we have been committed to delivering high-quality, reliable and performance-driven solutions to a wide range of industries.

We manufacture a comprehensive range of panels including PCC, MCC, PDB, LDB, APFC, Synchronizing Panels, Feeder Pillar, Auto Mains Failure, Automation, AC & DC Drives Panels, Stainless Steel Cabinets, Generator Canopy, Door, Lift Cabinets and Aluminium Sheet Work.

With a strong focus on quality, innovation and customer satisfaction, we have built a reputation for engineering excellence and dependable service.

COMPANY PROFILE

We design and manufacture Electrical Control Panels as per customer drawings and specifications using superior quality raw materials and components. Our state-of-the-art manufacturing facility is equipped with advanced machines and modern technology, enabling us to deliver products that comply with the highest industry standards.

We follow a stringent quality control process at every stage – from material procurement to final testing – ensuring durability, safety and long-lasting performance.

We also provide electrical consultancy services, offering expert guidance and end-to-end support for efficient and cost-effective solutions.

Our mission is to power industries with smart, safe and sustainable solutions.

OUR PRODUCT RANGE

- PCC (Power Control Center)
- MCC (Motor Control Center)
- PDB (Power Distribution Board)
- LDB (Lighting Distribution Board)
- APFC Panels (Automatic Power Factor Correction)
- Synchronizing Panels
- Feeder Pillar
- AMF Panels (Auto Mains Failure)
- Automation Panels
- AC & DC Drives Panels
- Stainless Steel Cabinets
- Generator Canopy
- Door, Lift Cabinets
- Aluminium Sheet Work
